ABOUT US

As a dance school, we are different from other studios in that we go against the mainstream norm of the dance world by utilizing family friendly music, promoting modesty, self-worth, and inclusivity in a non-competitive yet professional atmosphere.

As a studio, our primary focus is on ballet; however, we do offer additional dance styles as supplemental courses to help dancers become more well rounded as artists.

We strive to help students become the best dancer that they can be while doing so in a nurturing and loving environment. While our studio is non-competitive in nature, we challenge each student to reach their fullest potential as a dancer while doing so in a healthy and safe manner.

Surrendered School of Dance is the dance school of Paradosi Christian Ballet Company, a faith-based 501(c)(3) nonprofit organization.
